Nature of the event: An application to certify a class action

Reference numbers of previous reports on the matter: _____, _____, _____.

In accordance with the Securities (Immediate and Periodic Reports) Regulations, 5730-1970, the First International Bank of Israel Ltd. (hereafter - "the Bank") would like to report that on 25.6.2023 we received a statement of claim and an application to certify the same as a class action pursuant to the Class Action Law, 5766-2006 (hereafter both of them collectively - "the application"), the same having been filed against the Bank and four other banks. According to the applicants, the amount of the action, against all the defendant banks, exceeds NIS 5 billion.

As alleged in the application, when the interest rate is raised by the Bank of Israel, the banks are not allowed to raise the variable debit interest (based on the prime interest) by the exact rate of increase of the Bank of Israel interest rate, and therefore, so it is alleged, the defendant banks are acting in this regard unfairly, unlawfully and with unjust enrichment.

The represented class is defined as account holders at the Bank who had a debit balance (including a loan) and for whom the interest rate charged in respect of such balance was raised at least once in the course of the period since April 2022.
